

Geniebook Singapore Pricing

This is pricing for Geniebook subscriptions, divided into multiple lists based on country and/or currency code. This document is for Singapore (SGD) pricing while Pricing for Vietnam is on another document. Pricing is also divided by number of Worksheet Credits students get per year. All prices are tax exclusive.

Singapore Pricing per Subject, 300 Worksheet Credits per Year

- Annual: 1,978.80 SGD
- 6 Months: 1,015.87 SGD
- Monthly: 220.00 SGD
- 2nd Year: 1,583.04 SGD (Annual pricing with 20% discount)
- 3rd Year: 1,484.10 SGD (Annual pricing with 25% discount)

Singapore Pricing per Subject, 180 Worksheet Credits per Year

- Annual: 1,798.80 SGD
- 6 Months: 902.87 SGD
- Monthly: 200.00 SGD
- 2nd Year: 1,439.04 SGD (Annual pricing with 20% discount)
- 3rd Year: 1,349.10 SGD (Annual pricing with 25% discount)

Additional Chinese Pricing

Singapore has an additional pricing added to the base price if Chinese subject is one of the chosen subjects. The additional price depends on what plan is chosen. If asked for pricing, check if subjects chosen have Chinese first before starting the calculation.

- Annual: Additional 1,000.00 SGD
- 6 Months: 625.00 SGD
- Monthly: 112.50 SGD

Multiple Subject Discount

When purchasing more than 1 subject, the client will be eligible for Multiple Subject Discount. Depending on the number of subject requested, the discount will be different. Discount for 300 and 180 Worksheet Credits are the same. These are the list of discounts:

Annual Multiple Subject Discount

- 1 subject: 0.00 SGD total discount
- 2 subjects: 863.66 SGD total discount, around 431.83 SGD discount per subject
- 3 subjects: 1,937.82 SGD total discount, around 645.94 SGD discount per subject
- 4 subjects: 2,847.68 SGD total discount, around 711.92 SGD discount per subject
- 5 subjects: 3,757.55 SGD total discount, around 751.51 SGD discount per subject
- 6 subjects: 4,667.40 SGD total discount, around 777.90 SGD discount per subject

6 Months Multiple Subject Discount

- 1 subject: 0.00 SGD total discount
- 2 subjects: 561.00 SGD total discount, around 280.50 SGD discount per subject
- 3 subjects: 1,259.00 SGD total discount, around 419.67 SGD discount per subject
- 4 subjects: 1,850.00 SGD total discount, around 462.50 SGD discount per subject

- 5 subjects: 2,441.00 SGD total discount, around 488.20 SGD discount per subject
- 6 subjects: 3,032.00 SGD total discount, around 505.33 SGD discount per subject

Monthly Multiple Subject Discount

- 1 subject: 0.00 SGD total discount
- 2 subjects: 96.00 SGD total discount, around 48.00 SGD discount per subject
- 3 subjects: 215.00 SGD total discount, around 71.67 SGD discount per subject
- 4 subjects: 316.00 SGD total discount, around 79.00 SGD discount per subject
- 5 subjects: 418.00 SGD total discount, around 83.60 SGD discount per subject
- 6 subjects: 519.00 SGD total discount, around 86.50 SGD discount per subject

Final Price Calculation (for all subscriptions):

- Base Price: Price per subject × number of subjects.
- Apply the Multiple Subject Discount: Calculate the discount based on the number of subjects and plan type (annual, semi-annual, monthly).
- Final Price: Subtract the discount from the base price.
- Tax: If needed, apply tax (e.g., 9% tax exclusive) to the final price.

Calculation Example

Calculation Example for Annual subscription

Question: “How much for a 3-subject Annual plan for primary school?”

- Base Price: $1,978.80 \text{ SGD} \times 3 = 5,936.40 \text{ SGD}$.
- Discount: 1,937.82 SGD.
- Final Price: $5,936.40 - 1,937.82 = 3,998.58 \text{ SGD}$ (tax-exclusive).

Calculation Example with MYP Discount

Question: “How much for a 2-subject 3-year plan for primary school?”

Step 1: Base Price for 2 Subjects (Annual)

- 1 Subject Annual Price: 1,978.80 SGD
- For 2 Subjects: $1,978.80 \times 2 = 3,957.60$ SGD

Step 2: Apply Multiple Subject Discount (Annual)

- Discount for 2 Subjects (Annual): 863.66 SGD
- Final Annual Price After Discount: $3,957.60 - 863.66 = 3,093.94$ SGD

Step 3: Multi-Year Plan Pricing (3 Years)

- Year 1: 3,093.94 SGD
- Year 2: (20% Discount on Annual Price): $3,093.94 \times 0.8 = 2,475.15$ SGD
- Year 3: (25% Discount on Annual Price): $3,093.94 \times 0.75 = 2,320.46$ SGD

Step 4: Total for 3 Years

- Add the discounted prices for each year: $3,093.94 + 2,475.15 + 2,320.46 = 7,889.55$ SGD

Final Price: 7,889.55 SGD (tax-exclusive)

Extra Notes

- If currency code not specified, always use SGD
- If country is not specified, always use Singapore pricing
- Worksheet Credits can be shortened as WS or Credits
- If Worksheet Credits are not specified, use 300 Credits pricing while specifying how many they get
- Worksheet Credit is pro-rated for plans less or more than 1 year
- If asked, we give the parent Bubbles (which is a form of currency explained in another document). Parents get 600 Bubbles per year, pro-rated for other subscription periods
- "6 Months" and "Semi-Annual" is interchangeable
- Singapore (SGD) tax rate is 9% as of 2024
- MYP is Multi Year Plan
- For MYP, Multiple Subject Discount is calculated first, then the MYP Percentage Discount next
- 2 Years MYP is Annual + 2nd Year
- 3 Years MYP is Annual + 2nd Year + 3rd Year

- 2nd Year Add-on means 2nd Year pricing only, same as 3rd Year Add-on
- There is no 4 years plan
- More than 6 subjects use the same discount per subject as 6 subjects, so for example 7 subjects annual plan will have a total discount of 5,445.30 SGD, which is 777.90 SGD * 7.

Singapore Subjects List

Geniebook offers multiple subjects for subscription. Each level has a different list of subjects. This document is for Singapore Plans subjects, Vietnam Plans subjects are in another document.

Primary 1 Level (P1)

- English
- Mathematics
- Chinese

Primary 2 Level (P2)

- English
- Mathematics
- Chinese

Primary 3 Level (P3)

- English
- Mathematics
- Science
- Chinese

Primary 4 Level (P4)

- English
- Mathematics
- Science
- Chinese

Primary 5 Level (P5)

- English
- Mathematics
- Science
- Chinese

Primary 6 Level (P6)

- English
- Mathematics
- Science
- Chinese

Secondary 1 Level (S1)

- English
- E. Math
- Science
- Chinese

Secondary 2 Level (S2)

- English
- E. Math
- Science
- Chinese

Secondary 3 Level (S3)

Mathematics:

- Elementary Mathematics (E. Maths)
- Additional Mathematics (A. Maths)

Sciences (each subject is individual):

- Pure Chemistry
- Pure Biology
- Pure Physics
- Combined Chemistry (O-Level)
- Combined Physics (O-Level)
- Combined Chemistry (NA-Level)
- Combined Physics (NA-Level)

Languages:

- English
- Chinese

Secondary 4 Level (S4)

Mathematics:

- Elementary Mathematics (E. Maths)
- Additional Mathematics (A. Maths)

Sciences (each subject is individual):

- Pure Chemistry
- Pure Biology
- Pure Physics
- Combined Chemistry (O-Level)
- Combined Physics (O-Level)
- Combined Chemistry (NA-Level)
- Combined Physics (NA-Level)
